

# THE QUARTER JACK SURGERY

Rodways Corner, Wimborne, Dorset, BH21 1AP  
[www.quarterjacksurgery.co.uk](http://www.quarterjacksurgery.co.uk)

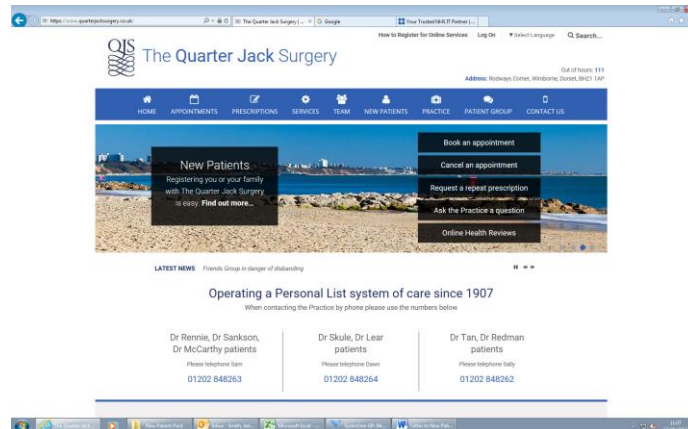

Dear Patient(s)

Thank you for your interest in registering at The Quarter Jack Surgery. Newly registered patients are invited to attend for a 'New Patient check'. Our aim is to give a personal service to our patients and the new patient check provides a good opportunity for you to meet us and find out about the services we offer.

Some patients aged 40 – 74 are eligible for a NHS Healthcheck - please ask for more details.

NHS Healthchecks and New Patient checks are normally with one of our practice nurses. **However, if you use repeat medication, currently require medication** or would like to see a doctor for any other reason, then you should see your doctor. Our reception staff will be pleased to make an appointment for you. Would you please bring a specimen of urine with you when you attend for the appointment.

There is a certain amount of work involved in getting all your details on to our computer and this needs to be done before your appointment. Please ensure that your registration form and new patient questionnaire are handed in to us at least 2 working days before you are due to attend. Alternatively, you may wish to complete the registration form on our website [www.quarterjacksurgery.co.uk/new-patients](http://www.quarterjacksurgery.co.uk/new-patients) again, at least 2 working days before you are due to attend.

Please view these important documents on our website new patient link or request a copy from Reception:

- Practice Booklet
- Practice Charter
- Sharing your medical records
- Summary Care Record information
- Common Illness & Accident Information
- Current Newsletter

Yours sincerely
